"Until We Meet Again" By Susan Jones

Welcome to a corner of the world where words, beauty and meaning come together in books that celebrate ordinary moments—moments that take root in memory and grace our days when we need them the most.

Between one winsome grandfather and lucky little boy are keepsakes of the heart—memories made by the two of them for all time. Most are simple. Checkers and hot chocolate. Hugs and silly songs. A special wink that means "we're in this together."

But their time together is coming to an end. With insight and tenderness, author Susan Jones tells the story of what comes next for a little boy who discovers memory-making is a language of love that can be whispered across the years.
